

# Suicide Prevention

## *How to help someone in crisis*

*Pain isn't always obvious, but most suicidal people show some signs that they are thinking about suicide. If you see even one warning sign, step in or speak up. Take the time to learn what to do now, so you're ready to be there for a friend or loved one when it matters most.*

**This free workshop will address the following questions:**

- What are Suicide Warning Signs?***
- How can you assist someone in crisis?***
- Where is help available?***

**Workshop provided by Carla Fry, M.S., P.P.S.C.**

Please call 209-257-1980 x 103 for more information.

Please RSVP if you will need child care.
